About

I have always loved games, and the more great games I play, the more I want to be a part of the remarkable art I've seen in them. For two years I've been seriously working on my portfolio in my freetime in order to be a part of this process.

Education

Associate of Art

Hibbing Community College (HCC), Hibbing MN

High School

Minnesota Center for Arts Education (MCAE), Minneapolis MN

Experience

Tata Interactive Systems (TIS), Zug Switzerland

Software Engineer

I worked with the team at TIS developing their Learning Management System 'Cybertest.'
In addition, I created custom learning software for such clients as Credit Suisse, ZKB, and Helsana.

Len Dugow & Associates (LD&A), New York NY

Web Developer

I worked at LD&A as the first member of their multimedia design department.
I developed their website, and was also responsible for creating presentations, interactive kiosk displays, and client websites

Hibbing Community College (HCC), Hibbing MN

Teacher

I taught classes on Flash through the continuing education department at HCC.
